| 4th Quarter | Sep-Oct-Nov | November | December 25 |

Penalty: If any tax due for a quarter is not paid (or postmarked) by 5 PM of the 25th day of the month following that quarter, a penalty of 10% of the tax due will be assessed and an additional 10% of the tax will be assessed for each additional month that the taxes are delinquent. Penalties apply only to the principal tax due and not to any assessed penalties or interest charges due to the delinquency.

Interest: If any delinquent tax is not paid within ninety (90) days of its due date, the person owing the tax shall pay to the City interest on the amount of tax due from the date the tax was due, in the amount determined by the City Director of Finance to equal the City's investment return.

Section 6.70.020 S.M.M.C.: On or after July 1, 1993, there is hereby imposed a tax upon every person in the City who occupies a parking facility or who is obligated to pay a parking fee. The tax imposed by this Chapter shall be at the rate of ten percent (10%) of the total parking fee charged by the operator for use of the parking facility.

DEFINITIONS:

"Occupancy": means the use or possession or the right to use or possession of any space for the parking of a motor vehicle or any other purpose in a parking facility.

"Occupant": means a person who, for a consideration, uses, possesses or has the right to use or possess any space for the parking of a motor vehicle in a parking facility under any lease, concession, permit, right of access, license to use or other agreement or otherwise.

"Operator": means the person who conducts a parking facility, whether in the capacity of owner, lessee, valet or other service supplier or any other capacity. When the operator performs his or her functions through a managing agent of any type or character other than an employee, the managing agent shall also be deemed an operator for purposes of this article and shall have the same duties and liabilities as his principal. When the managing agent collects parking fees and tax on behalf of his or her principal and deposits the same into the principal's account at a financial institution, such principal shall be responsible for reporting and remitting the tax to the City.

"Parking Fee": means the consideration charged, whether or not received, for the occupancy or use of space in a parking facility valued in money, whether received in money, goods, labor or otherwise, including all receipts, cash, credits and property and services of any kind or nature, without any deduction therefrom. The parking shall be deemed to include the total charges required to be paid by an occupant, including, but not limited to, any valet or service labor charge in connection with the use or occupancy of parking space.
